Dear Sir,

Permit me to introduce to your acquaintance my friend, Mr Charles Sumner, of this city, a gentleman much esteemed and highly respected for his character, talents, and attainments. Mr Sumner is a practitioner of the Law, and goes to Europe for the purpose of accomplishing himself in his favorite pursuit by observing and studying the institutions of the Old World. He will probably visit Berlin, and I shall consider it as a particular favor if you will afford him such facilities as may promote his objects in your city. Allow me to add, also, that no gentleman is better qualified to give you any information you may desire respecting the institutions & political affairs of the United States.

I am, Sir, very respectfully,
and with great regard,
your most obt. servt.

Through the politeness of Mr. Wheaton, the American Minister in Berlin, I have had the honor to receive a Diploma, certifying that I have been elected a corresponding member of the Prussian Royal Academy of Sciences. Allow me to express my acknowledgements for this testimony of respect from a Society so much distinguished for its services in the cause of science and letters, & for the eminent associates by whom it is adorned. It will give me pleasure, according to such means and opportunities as I may possess, to aid in advancing the objects of the Society by correspondence or otherwise.

Dear Sir,

I hope the enclosed speci-
mens will answer your purpose. Wash-
ington's letter is a very good autograph,
but perhaps the subject may be thought
to want dignity. It is nevertheless charac-
teristic, for no man attended to such
matters with more scrupulous mi-
nuteness than Washington.

Franklin's is a genuine
autograph, although the signature is
wanting.

Very truly yours,

Jared Sparks
